

## I. Product description and business rule:

Golden Fish tank is a free video slot (casino) game that features 5 reels and 20 paylines, oriented from left to right, containing regular symbols and wild symbols that win if three or more are aligned according to the payline. This game can be played on computers and mobile devices (IOS and android).

There are 8 types of symbols in the game and 3 types of wild symbols in the game, each with a payable. The minimum bet is only 0.20 (€), while the maximum possible bet is 120 (€).

The lower value symbols are represented by suits of cards.

The high value symbols are represented by four tropical fish.

The lowest value symbols recognized by playing cards.

The high value symbols are named for four tropical fish.

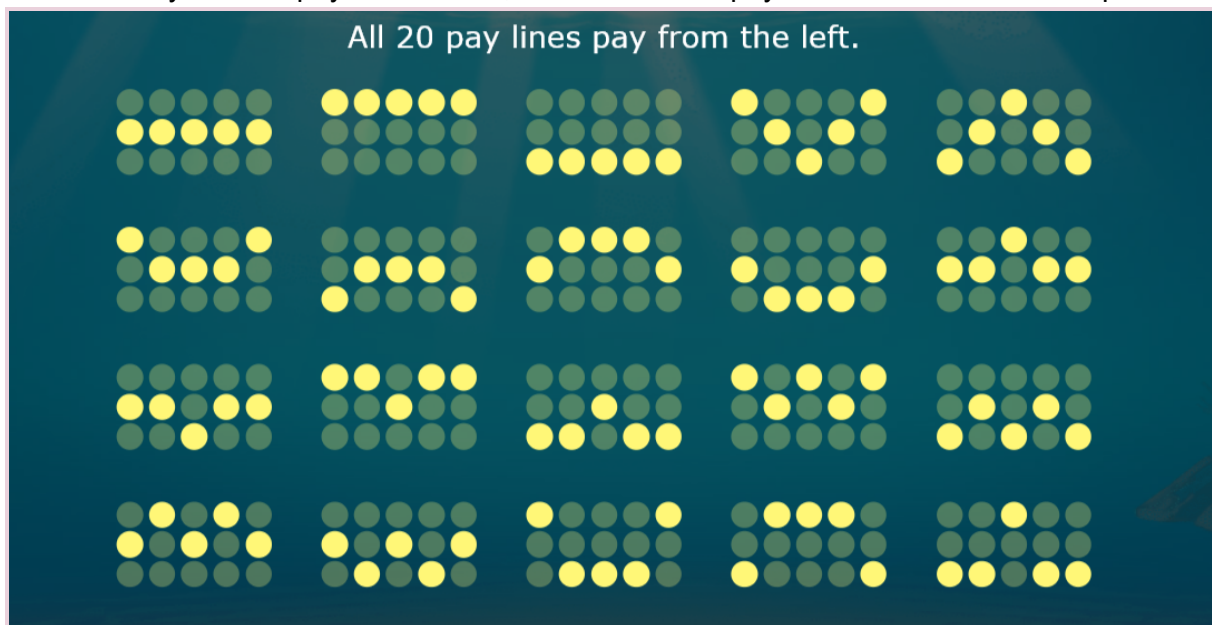

the payment method will be: Wild[1.0] value \* (Coin value), where the wild value varies according to the number of times it is repeated.

**Symbols wild:** The Wild symbol substitutes for all symbols, except free spin symbols, when calculating wins. The game has three types of Wild symbols.

- Regular Wild, displayed both in the base game and in free spins (Random Wild).
- Sticky Wild displayed only in free spins.
- Fish Wilds also only displayed in Free Spins.

### Pay lines:

To calculate your total payline coin win, calculate all the payline wins and add them up.

The returns are displayed in EURO (€) because it is the game currency.

## IV. Opinion about the game

A gambling simulator game whose theme is based on the underwater universe has a fun gameplay, contains good animation, with vibrant colors, multicolored characters and symbols that generate a look of joy. It has a simple but lively soundtrack, animated graphics, and various forms of winning combinations, with automatic spins available from ten to an undetermined number, and a win/loss limit function that gives the player some control over spending.
